PROFILE

Recently graduated IT technician (DAM) with hands-on experience building production interfaces with Vue.js, writing automated tests with Cypress, and working with Google Cloud (Cloud Run, Cloud SQL, Cloud Storage, Secret Manager). Logical, detail-oriented and focused on software quality and validation. Highly motivated to specialize in Artificial Intelligence, currently training in AI tooling and automation through Anthropic's courses.

EXPERIENCE

Front-end Developer Intern

Jan 2026 – Jun 2026

Airteam Aerial Intelligence — Berlin, Germany

- Implemented and maintained front-end logic for API integrations within a production SaaS platform, handling and validating data flows to ensure accuracy and integrity.
- Meticulously tested, debugged and validated components, flagging and resolving quality issues with a detail-oriented approach.
- Built responsive interfaces and worked to defined processes in an agile team, translating technical complexity into clear results and meeting delivery standards.

AI TRAINING

Claude Code in Action — Anthropic Academy

2026

Applying AI agents to real development workflows: AI-assisted coding, automation of repetitive tasks, MCP integrations and tool use.

Introduction to Agent Skills — Anthropic Academy

2026

Building reusable, structured instructions to extend and customize AI agents for specific tasks.

SKILLS

Data & Technical: SQL, MySQL, PostgreSQL • Python • Google Cloud (Cloud Run, Cloud SQL) • Excel / Google Sheets • SaaS & API integration

AI & Automation: AI-assisted workflows • Agentic tooling (Anthropic) • Task automation

Programming: Java • JavaScript • TypeScript • HTML • CSS • Vue.js

Tools: Jira • Confluence • Trello • Cypress • GitHub

EDUCATION

Higher Technician in Cross-platform Application Development (DAM)

2026

Linkia FP — Barcelona

Degree in Physiotherapy

2021

Pompeu Fabra University — Barcelona

Scientific High School

2017

Bosco Horta School — Barcelona
